

CPOINT[®] RJ45 DMX512 TERMINATOR

FACT SHEET

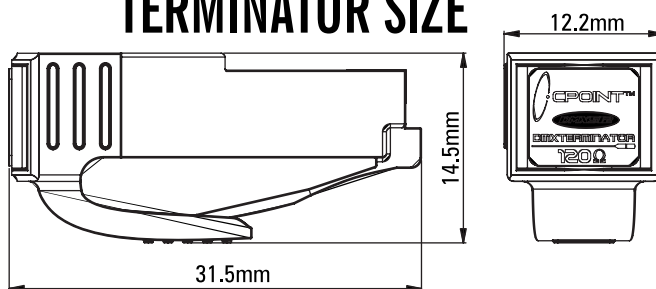

RJ45 120 OHM DMX512 TERMINATOR

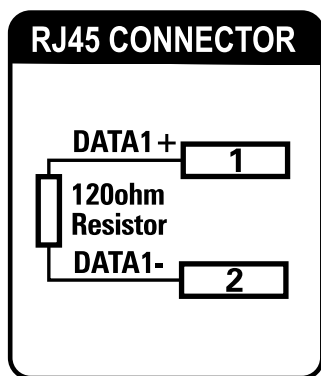

FEATURES With a terminator at the end of a DMX512 cable, at the last DMX512 unit, the source perceives the cable as endless, hence no reflections.

- A 120 Ohm DMX512 Terminator in a RJ45 connector.
- Use to avoid data-signals being reflected from the end of the data cable.
- Professional look.
- Weight including packaging, 8.4 g/0.29oz.
- Molded housing.
- Protected “click-lock-tab”.
- Gold plated pins on connector.
- Sturdy shell style packaging.
- EAN13 Barcode on packaging.
- Easy to use.
- Low cost.
